

Technical data sheet and product guideline

NEUT-SA

Non-hazardous acidic salt for plating neutralization

Color coordinates

	L
	a
	b
	c

Product form

Form	Salt
Material color	Light yellow
Storage time	2 years
Format	Concentrated
Chemical type	Acidic
Volume	1 kg

Operating data

	Range	Optimal
Working temperature (°C)	20 - 30	25
Exposure time (sec)	5 - 30	10
Agitation	Absent	

Metal concentration

Metal	Range (g/l)	Optimal (g/l)
-------	-------------	---------------

Deposit data

Technical data sheet and product guideline

NEUT-SA

Non-hazardous acidic salt for plating neutralization

Preparation

Saline concentration: 20 - 80 g/l (Range) ; 50 g/l (Optimum)
